

ABSTRACT

"I am imagination. I can see what the eyes cannot see. I can hear what the ears cannot hear. I can feel what the heart cannot feel"

One of the places where I feel safe is a personal space; space of imagination and fantasy, where the release of feelings and heavy thoughts. This is a reference to the Final project.

Identical with the dreams and imagination of freedom; free will, within which a person can be a very loose either consciously or unconsciously, but still out with their personality and character.

Everything that can be derived from the long journey that has been passed and eventually became an experience.

So on this final project the authors want to bring back the creative journey in memory of personally interpreted through the visualization of the artwork.

-You see things; and you say, 'Why?' But I dream things that never were; and I say, 'Why not?'
