

## **ABSTRACT**

*Children nowadays are different from children in the past. They develop and absorb everything around them fast and quick. Children are smart human, eventhough they are still a little kid, but their brains are wonderful. Children should be innocent, cheerful, and playful, but here children have changed by things which surrounds them. They should have a protective system which could hold them from destroying them from the inside.*

*The artist uses signs, symbols, to explain feelings of the children. Children must start to play traditionaly, hide and seek, hopscotch, etc, to be normal again. Long dress, big eyes, dark eyes, to show how these children act.*

*Children must start to pray so that Thy would protect them from evil. God loves children, parent loves their children, everybody loves children, therefore protect your child securely and love them fervently, gently, and passionately.*

*Keywords: children, pseudo, naked, sign, symbol*
