

ABSTRAK

Rental Komik Daruma merupakan rental komik yang baru saja dibuka. Daruma masih menggunakan sistem manual dalam proses bisnisnya. Daruma mengalami masalah dalam mengetahui member yang belum mengembalikan komik dalam waktu yang lama, mencari rekomendasi komik yang cocok saat member menanyakan komik yang bagus, mengetahui komik yang sering dipinjam oleh member, serta mengetahui member terbaik. Jika ingin mengetahui semua hal itu, Daruma harus mencatat satu per satu dan membutuhkan waktu yang lama. Daruma pun mengalami masalah dalam membuat laporan, seperti laporan penjualan, pembelian, dan peminjaman.

Oleh karena itu, dibutuhkan sebuah aplikasi yang dapat membantu Daruma dalam menjalankan bisnisnya. Pembuatan aplikasi pendataan komik, peminjaman, pembelian, penjualan, dan member ini diharapkan dapat memudahkan setiap kegiatan didalamnya. Di aplikasi ini juga diberikan reminder dan rekomendasi. Fungsi reminder, salah satunya adalah digunakan untuk mengingatkan jika ada member yang lupa mengembalikan komik dan fungsi rekomendasi, digunakan untuk merekomendasikan komik yang cocok kepada member.

ABSTRACT

Rental Komik Daruma is a rental that had just opened. Daruma still use manual systems in business process. Daruma having problems in finding member who have not returned the comic in a long time, search for a suitable recommendation comics when member asked good comic, know comics are often borrowed by member, and to know the best member. If want to know all about it, Daruma should note one by one and take a long time. Daruma was having problems in making reports too, such as sales report, purchase report and borrowing report.

Therefore, Daruma needs an application that can help Daruma in doing business. Making comics collection applications, borrowing, buying, selling, and member are expected to facilitate any activity in it. In this application also provided reminder and recommendation. Reminder's function, one of which is used to warn if there are member who forgot to return the comic and recommendation's function, used to recommend a suitable comic to member.
