

ABSTRAK

Laporan ini akan membahas tentang pemodelan sistem informasi di Rumah sakit Cahya Kawaluyan. Landasan teori yang digunakan adalah TOGAF *Architecture Development Method*. Tujuan penulisan laporan ini adalah untuk mendokumentasikan sistem informasi yang terdapat di Rumah Sakit Cahya Kawaluyan (RSCK), dengan harapan dapat dijadikan sebagai referensi dalam pengembangan di masa yang akan datang. Sumber data untuk laporan ini di dapat dari TOGAF *Guidelines*, internet, dan buku-buku referensi mengenai Enterprise architecture. Metode yang digunakan adalah studi kepustakaan, wawancara dan observasi. Dalam laporan ini, penulis juga menyarankan masukan-masukan yang mungkin dapat meningkatkan performa dari sistem informasi Rumah Sakit Cahya Kawaluyan.

Kata kunci : TOGAF, RSCK, Architecture Development Method, Dokumentasi

ABSTRACT

This paper will discuss about documentation with TOGAF Architecture Developmnet Method in Rumah Sakit Cahya Kawaluyan (RSCK). The purpose of this paper is to help Rumah Sakit Cahya Kawaluyan documenting their information system and we hope this paper will valuable in future as a reference for Rumah sakit Cahya Kawaluyan to built a better information system. The resource for this documentation from TOGAF Guidelines, internet and many books about Enterprise Architecture. Method that is used in this documentation process is by books reference, interview and observation. In this documentation, writer is also giving the company suggestions and other inputs which are expected to help them in increasing their performance in information system.

Keywords : TOGAF, RSCK, Architecture Development Method, Dokumentation
