

ABSTRAK

Perkembangan teknologi dibidang informasi sudah semakin maju sekarang. Penggunaan *web* untuk menyalurkan suatu informasi sudah semakin banyak digunakan. Penggunaan *web* tidak hanya membantu dalam menyalurkan informasi, tetapi juga membantu dalam hal pekerjaan. Pada laporan ini *web* digunakan tidak hanya sebagai media untuk menyalurkan informasi tetapi juga sebagai media untuk membantu dalam pekerjaan. Hal itu yang membuat Tamansari Tera ingin untuk menggunakan media *web* untuk membantu para pelanggannya dalam membeli, membooking, dan manage kamar apartemen yang dimiliki. Penggunaan *web* untuk membantu pekerjaan pihak Tamansari Tera bertujuan untuk mempermudah pelanggan. Tidak perlu nya interaksi dalam proses pembelian. Kemudahan dalam melakukan pembelian kamar. Ketepatan informasi tentang kamar-kamar yang ditawarkan. Serta kemudahan dalam manage kamar yang telah dimiliki. Sistem ini menggunakan bahasa pemrograman PHP dengan database MySQL. Tampilan yang interaktif yang membantu pelanggan dalam menggunakan web ini.

ABSTRACT

The developments in the field of information technology is more advanced now. Using web to deliver a lot of information is getting more and more useable. The use web is not only helps in distributing information, but also helps people on their jobs. In this report, web is not only use as a medium to channel information but also as a medium to assist in the work. That's what makes Tamasari Tera want to use the web media to assist customers in purchasing, to book and manage the apartment room that they owned. The use of the web to help work the Tamansari Tera aims to simplify the customer. No need for direct interaction in the buying process. The ease of purchase rooms. The accuracy of the information about the offered rooms. And ease in managing the rooms that have been owned. This system uses the programming language PHP with MySQL database. An interactive display that help customers in using this web.

Keyword: Purchasing, Simplify the Customer, Web
