## **ACKNOWLEDGMENTS**

Upon this, I would like to express my gratitude to all of the English Department faculty members for their help and support. Also my family for the continuous encouragement, support and attention. I am also grateful for the help from my fellow classmates in Maranatha Christian University who supported me in writing this thesis.

First and foremost, my biggest recognition for my supervisors, Ibu Bernadette and Ibu Cheryl. Without their assistance and dedicated involvement in every step throughout the process, this thesis would have never been accomplished. I would also like to thank Ibu Trisnowati for her guidance through my very first step of writing this thesis.

I am particularly grateful for the assistance given by Uncle Kemal, who has been giving a lot of financial support ever since I studied in Maranatha Christian University.

To my father, this thesis stands as a testament to your unconditional love and encouragement. My prayer will always be with you and may God bless you in His sides.
