## **ACKNOWLEDGEMENTS**

First and foremost, I would like to thank Jesus Christ for His guidance and wisdom that He has given to me during the writing process of this thesis. The thesis writing has been accomplished just because of His grace and blessing.

I would also like to express my deepest appreciation to both of my dedicated supervisors: Ibu Hianly Muljadi, S.S., M.Hum for having supervised and guided me since the selection of the topic, the accomplishment of the MPS, the presentation of the Proposal Seminar, and the process of the thesis writing; Ibu Dr. Yugianingrum, M.S. for her supervision, guidance, and correction during the writing process of this thesis. Thank you for your time, patience, motivation and corrections.

Last but not least, I would like to send my deepest gratitude to my lovely grandma and my parents, ayah and mama, for supporting and loving me in many ways; also to my best friends: Tasia, Ellen, Seyli and Seyla, for their endless support and motivation. Without them, I will never be able to finish this thesis.
