## **PREFACE**

First, I would like to thank God for all his blessing during my time working and revising this thesis, without His blessing and approval, I may not be able to finish this thesis.

Second, for all the people who had been and will always be supportive to me; my parents, Caroline, Rizki Theodorus Johan, Hianly Muljadi, Melly Kosasih, and others, I could only say that you all have my deepest gratitude, and without your wisdom and patience, I will not be able to finish this journey.

Hopefully, this thesis may be of value and may help others and shed new experience for those who needs it.
