## **ACKNOWLEDGEMENTS**

First and foremost, I would like to thank God for His guidance during the writing process of this thesis. The thesis writing would not have been accomplished without His grace and blessing. I also want to express my deepest gratefulness to my parents, for supporting me and caring for me until this very moment. Next, I would also like to express my sincere gratitude to my supervisor, Bapak Anton Sutandio, Ph.D for supervising, assisting and guiding me since the Proposal Seminar writing as well as the process of this thesis writing.

I would also like to thank my best friends, especially Christian Kevin, Tasia Novelia, and Renata Husada. This thesis would have been imposible without the endless support and motivation from them. Last but not least, I would like to convey my thanks to all lecturers who have taught me and also to my groups that always been there for me and be a source of joy and laughter during my study in the English Department.
