ACKNOWLEDGEMENTS

First I would like to thank Allah SWT for His blessings and guidance since the first time I wrote the thesis until I can accomplish it.

It is such a privilege for me to express my deep sense of thanks and gratitude to my supervisors, Dr. Trisnowati Tanto, M.Hum. and Joanna Deborah, S.S., M.Hum., who have kindly and patiently helped me step by step in writing this thesis and also given me a lot of suggestions. I feel very grateful for the guidance and knowledge that they have given me and also for their encouragement in order to keep my spirit to finish this thesis.

I would like to thank my academic counselor, Hianly Muljadi, S.S., M.Hum., who has always been there for me and listening to all my struggles. Besides, I would also thank the head of the department, Rizki Theodorus Johan, S.S., M.A., who has always been kind to me. My gratitude also goes to all lecturers in the English Department, Maranatha Christian University for providing me with the knowledge and skills.

I would like to thank my parents for their encouragement throughout my research period and for having provided everything that I need to support my education.

I would also like to thank all of my best friends who have supported me not only in doing this thesis but also in helping me throughout these four years in the university. Thank you so much for having always cheered me to keep my spirit, especially to Fabiola, Lala, Titouan, William, Victoria, Nadira, Yosef, Monica, Vivi, Abigail, Angel, Tiara, Yudia, Yoli, and Kinan.
