ACKNOWLEDGMENTS

My gratitude goes all the way to Jesus Christ for the never ending blessing, wisdom and endurance that have been given to me ever since I started writing this thesis. I am also grateful to my parents; my mom and granny who have been the best people that helped me strive through all the ups and downs. Thank you for always being very supportive in this thesis writing. I also would like to thank Dr. Trisnowati Tanto, M.Hum for all the hard work and patience in dealing with me ever since day one on this thesis writing. Thank you for never giving up on me and for willingly going through every detail in my thesis writing, supporting my ideas and cleaning the mess I have made. You are the best supervisor anyone could have asked for. My thanks also goes Ms Jeanyfer S.S, M.Hum. I can't thank you enough for all the encouragement and supervision in finishing this project. I also would like to thank Rizki Theodorus Johan, S.S, M.A. Thank you for seeing me as a whole human being, not just as a student. You are an inspiration and your kindness is infectious. Lastly to all my friends: Papih Mario Yanuardo, Rivo, Adriel, Chaly, Harel, Kowen, Cindy, Esa, Jerry and Anes, thank you for the encouragement you all gave throughout the days, weeks, months and years of my struggle and contemplation. You all are the best!
