2018**

## **ACKNOWLEDGEMENTS**

First and foremost, I would like to thank God for His grace and for working perfectly in my weakness and giving me wisdom, strength and people around me so that I am able to finish my thesis.

I would like to express my sincere gratitude to my research supervisor, Jeanyfer, S.S., M.Hum, who has patiently guided and given her time to correct my work and give suggestions so that I can get the right understanding and finish this thesis. It was a great privilege and honor to work under her guidance.

I am profoundly grateful to my beloved mother and my aunt. Thank you for always believing in me, encouraging and supporting me to finish this thesis.

My special thanks go to the following friends for their continuing support and friendship: Yulia Restiayu, Sevia Stefanny, Olivia Martha, Tessa Skolastika, Jesselyn Calista, Feliana Valentine, Yani, Vivian Tanto, Yelina Sutanti, Carissa Alfa Veronika, Vania Olga and Devina Astrella.

Last but not least, I would like to thank all my friends, lecturers, and people who have contributed to the writing and completion of this thesis, especially to Usher Mahasiswa GKPB and Maranatha 5 for their endless support, encouragement and prayers.
