ACKNOWLEDGEMENTS

First and foremost, I would like to thank God for His grace and for giving me wisdom, strength, and the people around me so that I am able to finish my thesis.

I would like to express my sincere gratitude to my research supervisors, Lewinna C. Aguskin, S.S., M.A. and Drs. Edward A. Lukman, M.Hum , who have patiently guided and given their time to correct my work and give suggestions, so that I can get the right understanding and finish this thesis.

I am profoundly grateful to my beloved parents and sister. Thank you for always trusting me, encouraging and supporting me to finish this thesis.

My special thanks go to the following friends for their continual support and friendship: Febby, Chyntia, Naomi, Shiella, Morin, and Tessa.

Last but not least, I would like to thank all my friends, lecturers, and other people who have contributed to the writing and completion of this thesis, especially all the volunteers in Mahasiswa GKPB and Cell Maranatha for their endless support, encouragements and prayers.
