ACKNOWLEDGEMENTS

First and foremost, I would like to express my gratitude to God for giving me health, time, and chance to work on my thesis. Without all His blessings, I would not have been able to finish this study.

Second, I would like to give my deepest thanks to my parents, Tedi Budiana and Nina Hartini, for always supporting, encouraging, and trusting me to give my best work for the thesis.

Next, my biggest gratitude is addressed to my supervisor, Dr. Trisnowati Tanto, M.Hum, for guiding and helping me throughout all the process of completing the thesis. All the positive things that she shares, such as her immense knowledge, patience, motivation, and insightful comments, have inspired me to become better and better in studying. I could not be more thankful for having a great supervisor like her.

I would also like to thank all the lecturers of English Department for not only giving me greater knowledge but also helping me to improve the four essential skills in learning English.

Last, my sincere thanks goes to my relatives and all my friends for giving endless support and motivation at the time when I really need them. Their positive energy gives me strength and spirit to finish this thesis on time.
