ACKNOWLEDGEMENT

Firstly, I would like to thank God Almighty for His guidance and blessing. He gives me the strength and ability to finish my thesis as one of the requirements to get my Bachelor Degree at Maranatha Christian University. Without His blessing, I would not be the person I am today and none of this would happen.

I also want to express my deepest gratitude towards my one and only supervisor, Ms. Jeanyfer S.S, M. Hum. She has been there through the beginning when I write my proposal seminar until I finish my thesis. She provides me with guidance, support, and suggestions for writing my thesis. I always hope for the best in her future and may God always bestow His blessing upon her.

I would like to dedicate my work to my parents my father, Fernando Damanik, and mother, Harrita Simatupang, who always support me emotionally and financially. They are the reason that I am, Dori Ivana Damanik, whom you know today. Without their prayers, their blessing, and their upbringing, I would not be at this level of my life.

It is with immense gratitude that I also acknowledge the support and help of my friends, Ronald Setiawan, Alya Farah, Aradea M., Meike Natali, Sharon Natalia, and Evelyn Natasha who also give me moral support and the best advice that ones can hear. I really cannot thank you enough for being in my life.
