ACKNOWLEDGEMENTS

Bismillahirrohmanirrohim, I would like to thank Allah *Subhanahu Wa Ta'ala* for the strength, health, and blessing that He has given me in completing my thesis.

I would like to give a special appreciation to my first supervisor, Hendra Liem, S.S., M.Hum., and my second supervisor, Joanna Deborah, S.S., M.Hum., for the guidance, comments, suggestions, invaluable knowledge, and support they have given me throughout the research process.

I would also like to express my sincere recognition to all my friends who are also conducting thesis this year, and Rezal, who gives me strength and courage by informing me through all the process in writing my thesis.

My deepest gratitude goes to my mother, Melina Surakusumah, my sisters, and my boyfriend, Dariel Thaha, for their love, prayers, encouragement, kindness in providing transportation – their support has strengthened me physically, mentally, and financially. Last but not least, I would also like to thank those who have indirectly contributed in my thesis. God bless you.
