ACKNOWLEDGEMENTS

First of all, I would like to thank God for his blessing that makes me who I am right now. He is also the reason that I am able to finish this thesis. I also want to present this thesis for my mother in heaven as my gratitude for what she has done for me in this world. Even though there are lots of problems in writing this thesis, some people around me have supported and helped me to make it done in time. Therefore, I want to give my gratitude to:

1. My family, who always takes care of me.
2. My supervisors, Mrs. Hianly Muljadi and Mrs. Irene Lucyanna Kendra, who help me in writing my thesis.
3. My friends in DKMHS, who always support me and become the place where I can feel comfort and warmth.
4. Samuel Herman, who helps me in most of the problems that I have.
