ACKNOWLEDGEMENTS

Above all, I would like to express my sincere gratitude to God Almighty for His countless blessings, loves, and strength throughout my thesis writing process so that it is finally completed.

I also would like to deliver my deepest thanks to my supervisor, Dr. Trisnowati Tanto, M. Hum., who assists me in finishing this thesis. Owing to her guidance, patience, and encouragement, the completion of this thesis could be achieved in time.

Moreover, to all lecturers in the English Department of Maranatha Christian University, thank you for the knowledge and insights given during my college years. In this department, I gain numerous valuable experiences and unforgettable memories that would be useful for my future.

Finally, I wish to thank my family for the endless support, love, and motivation that encourage me to finish this thesis: my parents, Udin and Lini, together with my sister, Yesserine. I would also express my sincere appreciation to my partner, Julianto, as well as all my college friends, especially Sherine, Ardina, and Michelle for giving moral support and encouragement throughout the peaks and troughs in the course of being a university student.
