ACKNOWLEDGEMENTS

Namo Buddhaya. First, I would like to express my gratitude to myself for constantly doing my best in finishing this thesis and studying these past four years.

Next, I would like to express my thankfulness to my supervisor, Miss Joanna Deborah, S.S., M.Hum. Without your guidance, help, and encouragement, writing this thesis will be a very difficult process for me. Thank you so much.

Moreover, I also want to express my gratitude to all of the lecturers in the English Department for giving me all the lessons that have helped me in completing this thesis.

I am also grateful for my parents who always support me during the writing of my thesis. For my sisters and brother, thank you for always believing in me and cheering me up when I am having a hard time during the process. I would never have been able to complete this thesis without you.

Lastly, to all my friends who have been there with me – Jennifer, Nivia, Novel, Aleng, Yelen – thank you for your support. Thank you for all of your faith in me and thank you for always cheering me up.
