ACKNOWLEDGEMENTS

I am beyond thankful that I can finally finish my thesis. This completion could not have been possible without the support and assistance from many people whose names may not all be enumerated; however, I would like to express my appreciation.

First and foremost, praise my Almighty God for His countless blessings throughout the process. He always gives me strength and patience until I can finally finish my thesis.

I want to express my sincere gratitude to the English Department of Maranatha Christian University. This department has encouraged and taught me many things, especially for widening my knowledge about English.

I want to express my deepest gratitude to my thesis supervisors, Henni, S.S., M.Hum., and Joanna Deborah, S.S., M.Hum., as well as my proposal supervisor, Dr. Trisnowati Tanto, M.Hum., who have guided me through all the supervision process. Without their patience and support, I would not accomplish this thesis.

I wish to thank my parents, who constantly motivate me through my study journey, as well as my forever companions, Bagus Muhammad Alfarizi. I am also grateful for my college friends and communities whose names I cannot mention one by one.
