ACKNOWLEDGEMENTS

First and foremost, I would like to express my gratitude to Jesus Christ, my Lord God Almighty, for it is only by His endless blessings and grace that I am able to finish each process in this study. My deepest gratitude also goes to my parents, Judy and Ana Susilowati, as well as my little brother, Gierhart Jonathan Yudhi, for their unconditional support, trust, and prayers that strengthen me tremendously during this thesis writing process.

Next, my greatest thankfulness is addressed to my one and only supervisor, Dr. Trisnowati Tanto, M.Hum., for guiding and helping me a lot ever since the beginning of every step in this study. This thesis would not finally be complete without all the insightful comments, knowledge, patience, and motivation that she shares throughout the process. I would also like to be thankful to all the lecturers in English Department of Maranatha Christian University for all the learning experiences that I have gotten. I could not be more than grateful as all of these learning processes have given such a great impact on the development of my skills and knowledge in English.

Last but not least, my sincere gratitude also goes to all my friends and relatives that have continuously encouraged me through my ups and downs. Their positive energy has motivated me to enjoy the process and finally finish this thesis.
