ACKNOWLEDGEMENTS

First of all, I would like to express my deepest gratitude to Allah SWT who has given me His grace and guidance so that I can finish this thesis properly.

I would also like to convey my sincere appreciation to my supervisors, Ms. Joanna Deborah, S.S., M.Hum. and Ms. Fenty L. Siregar, Ph.D., for guiding and giving me such detailed directions and helpful feedbacks during the writing of my thesis and my thesis proposal. Without their guidance and help, I would not have been able to finish this thesis.

I would also like to thank all the lecturers and staffs in the English Department for all their lessons and guidance throughout my study in Maranatha Christian University.

I would also like to thank my family, especially my mother, for their support in writing this thesis. Last but not least, I would like to thank my friends, especially my friends “ASJOR” from senior high school and my friends in “ternak tuyul club” in college, for giving me the support, love, help, and lesson in my life. Without them, I would never be the person I am today.
