GJEE Development of Instru...  
536 KB

Dear Professor Zenon Pudlowski,

We wish to submit an original research article entitled "Development of Instrument to Measure Smart Campus Levels in Indonesian Institutions of Higher Education" for consideration by Global Journal of Engineering Education (GJEE)  
We confirm that this work is original and has not been published elsewhere, nor is it currently under consideration for publication elsewhere.

This research paper is innovative and novel in its attempt to develop a tool for measuring smart campus smart levels: a tool that is both integrated and easily applied to determine levels of smart campus at universities and make comparison studies.

We believe that this manuscript is appropriate for publication by Global Journal of Engineering Education (GJEE) because this paper has significant contributions to make to the continuous development and improvement of higher education in Indonesia and maybe also in other countries.

We have no conflicts of interest to disclose.

Please address all correspondence concerning this manuscript to me at 33220018@mahasiswa.itb.ac.id.

Dear Mr Imbar

Thank you for your message.

In order to find the number of papers required for your paper, to be submitted for consideration, we decided to try to format it in the WIETE style. As you can see in the attachment, the paper will need 10 pages, that is 4 extra pager in order to fit into the template.

The disappointment was the fact that you found only one references in the published paper in our journal! And the references need to be presented in accordance with the WIETE style. The biographies should not be tabulated.

Dear Mr Imbar

Thank you for your message.

In order to find the number of papers required for your paper, to be submitted for consideration, we decided to try to format it in the WIETE style. As you can see in the attachment, the paper will need 10 pages, that is 4 extra pages in order to fit into the template.

The disappointment was the fact that you found only one reference in the published paper in our journal! And the references need to be presented in accordance with the WIETE style. The bibliographies should not be tabulated.

Also, we would need to receive all the figures as editable files e.g. in Visio, so that we can access them and make necessary corrections. There are some mistakes in the table.

++++++

Thank you very much for your kind message and your willingness to publish an article in the Global Journal of Engineering Education (GJEE). We will be happy to consider your article for inclusion in the GJEE, Vol.24, No.2.

Attached, please find a kit for authors. This should assist you in the preparation of your article. You may also find some useful hints on the WIETE style and formatting in the Editorial Comments attached to this message. There is **a checklist in this document, which you should use before sending your paper to me.**

In preparing your article, you should not make any changes to the template, and strictly follow the Instruction for Authors. Please do not use bold faces in the article nor in the figures! The abstract must not exceed 12 lines. Also please note that a single line space must be placed between the paragraphs, figure, captures, equations, formulas, etc. **Further, would you please supply us with the original, unsaved figures, so that we can access them and make necessary corrections if required? We accept figures generated in MS Word, Excel and Visio.** More information can be found at the journal's site:

<http://www.wiete.com.au/journals/GJEE/Publish/index.html>

[Global Journal of Engineering Education \(GJEE\)](http://www.wiete.com.au)

Designed and developed by Codify Design Studio - [codifydesign.com](http://codifydesign.com)

[www.wiete.com.au](http://www.wiete.com.au)

Also, please note that submitted articles **must be accompanied by the fully filled in and signed Submission Form & Payment Details.** However, you do not need to pay the publication fee at this stage. You will be asked to do so, when the article has been refereed positively.

I look forward to receiving your contribution to the GJEE journal.

Kindest regards

Zenon J. Pudlowski

Dear Professor Zenon Pudlowski,

I send you my revision manuscript and submission form document and supply document in excel and powerpoint format. Please confirm for extra pages in order to fit into the template. Hope the paper will need 8 pages.

Best Regards

Radiant.

Dear Mr Imbar

We spent some time on your paper in order to show you the way in which the paper should be structured and formatted. You have received a PDF version of your paper prepared by us for your perusal.

You also received specific comments on the several issues regarding your paper, as well as the Editorial Comments, with a check list for you to use before sending your paper to me.

All of these have been **totally ignored** by you.

Hence, we will not accept the submission of your paper in its presents form.

Kindest regards

Zenon J. Pudlowski

Setelah itu tgl 19 mei 2022 saya memperbaiki dan mengirimkan kembali

Dear Professor Zenon Pudlowski,

Thank you for helping to give me corrections; I have changed it using the template provided. I also fixed the editorial comment input on references in other languages and the 18 points that must be completed. According to the paper you prepared and organized, the total page count is ten. I have adjusted the submission form and payment for 10 pages. If there is a revision I missed, please let me know. I hope my paper can be accepted. Thank you.

Best Regards

Radiant Victor Imbar

Dear Mr Imbar

Thank you for your communication and the attachments.

I note that there is a slight improvement in the way in which you prepare your papers, but there are still several problems.

1. Copyright issue. I note that Figure 1 is attributed to other authors:

The stages in DR Methodology can be seen in Figure 1:

Figure 1. Design Research Stage Methodology [8]

The image is protected by copyright and cannot be simply included in your paper, unless you have a written permission from the authors: L. T. M. Blessing and A. Chakrabarti.

So, it has to be removed from the paper.

2. We do not know the origins of Figure 2 and Figure 3. Are they original figures designed and drawn by you? Please advise!
3. I hope that Tables 3, 4 and 5 are your own creation? Please advise!
4. In Table 6, you are using codes for the institutions by allocating a sequence of letters of the alphabet A, B, C, etc.

Dear Mr Imbar

Thank you for your communication and the attachments.

I note that there is a slight improvement in the way in which you prepare your papers, but there are still several problems.

1. Copyright issue. I note that Figure 1 is attributed to other authors:

The stages in DR Methodology can be seen in Figure 1:

Figure 1. Design Research Stage Methodology [8]

The image is protected by copyright and cannot be simply included in your paper, unless you have a written permission from the authors: L. T. M. Blessing and A. Chakrabarti.

So, it has to be removed from the paper.

2. We do not know the origins of Figure 2 and Figure 3. Are they original figures designed and drawn by you? Please advise!
3. I hope that Tables 3, 4 and 5 are your own creation? Please advise!

4. In Table 6, you are using a code for the institutions by allocating a sequence of letters of the alphabet A, B, C, etc. In our earlier communication, I alerted you to the fact that you have a couple of errors there by allocation the letter to two institutions. We marked it in red, but you have not made this correction! If you implement a certain code, you have to be consistent with it.

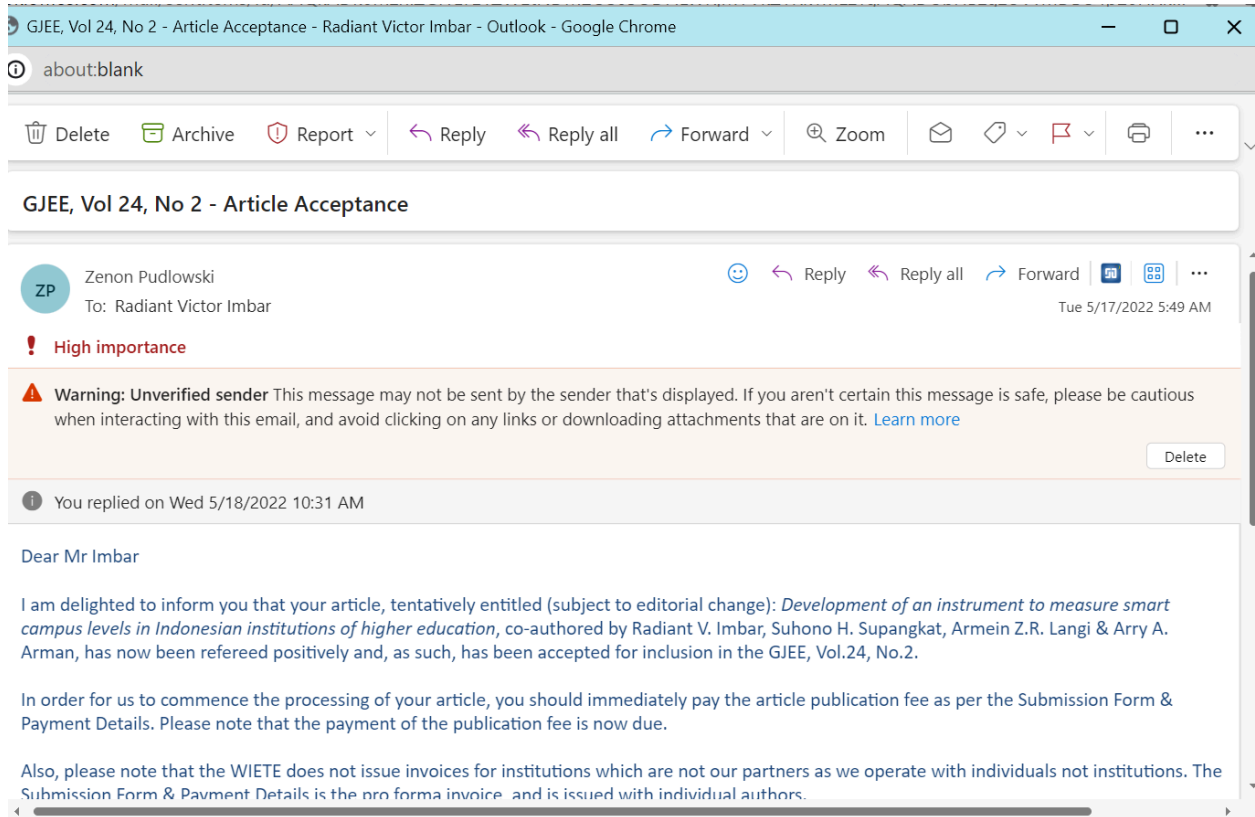

4	Private D University Klau	
5	Private E University Bandung	
6	Public A University Bandung	
7	Private E University Jakarta	

23	Public I University Jember	
24	Private N University Jogjakarta	
25	Private O Institute Jakarta	
26	Private P University Jakarta	
27	Public I University Semarang	

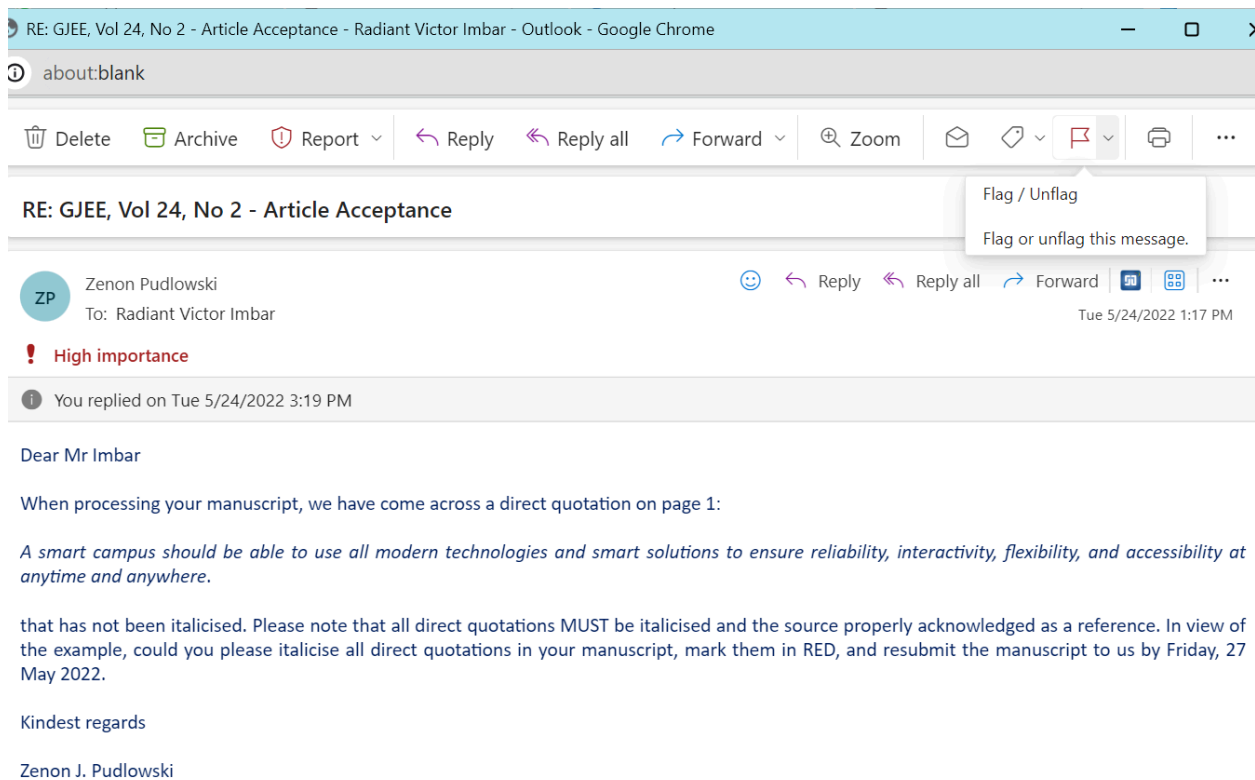

5. You tend to write to many words starting in capital letters. This is wrong, so we have to correct it.
6. Finally, obviously, you forgot to present the references in accordance with the WIETE style.

Kindest regards

Zenon J. Pudlowski

Setelah diterima ada perbaikan yang harus dilakukan kembali.

Setelah saya perbaiki semua, saya kirimkan manuscriptnya

Dear Professor Zenon Pudlowski,

I have revised my paper according to what you asked. I created a new sentence in my own word and have acknowledged the authorship of this idea by citing the relevant publication. The sentence in blue is a sentence that I made, and the sentence in red and italics is a direct quotation.

I double-checked my paper with the Turnitin program.

If there is anything I need to revise, don't hesitate to email me.

Best Regards,

Radiant Victor Imbar
