If you want a tampon  
that's easy to insert,  
here's a tip from  
Tampax.

It's the gently tapered tip that makes Tampax non-applicator tampons so easy to insert. And with its smooth silky overwrap and indented base, you'll find them incredibly simple to use.

WOMEN KNOW

Tampax knows it's the little things that make a big difference.

Dumex®

Building better people™

Shaping your  
baby's best future

NEW &  
IMPROVED

Expecting a baby is magical. And you can positively add to this wonder by keeping happy and healthy before, during and after your pregnancy.

Your well-being and nutritional status can shape your unborn baby's future health. This is a proven concept called 'Fetal Programming', whereby a mother's nutritional status before conceiving and during pregnancy affects her fetus' growth and development. It also influences the risk of the unborn baby developing diseases in adult life. These effects may even be passed on to the next generation.

And because many mums have informed us that you prefer a less 'milky' drink, we have developed Mamil Mama, a tasty low fat drink that you can easily enjoy twice a day. Mamil Mama formula helps meet your increased nutritional needs.

Every glass of Mamil Mama offers the Pro-neuro™ System of Nutrients including DHA, SA, inulin dietary fibre, tryptophan as well as high protein, calcium, folic acid, vitamin C and iron.

Mamil Mama - helping you to be a better mum and to shape your baby's best future.
