Name of interviewer : Yenny Christanty
Name of respondent : Elisa, A. Md
Day / Date : Friday / 22 July 2011
Place of interview : Education and Learning Solution (Bee Class)

Yenny : Ms. Elisa, may I ask you some questions?

Elisa : Yes, of course. What do you want to ask me?

Yenny : Do you know Jeffrey? The child with hearing impairment in the Butterfly class?

Elisa : Yes, I do.

Yenny: Have you ever had a student with hearing impairment before?

Elisa : No, I haven't. This is the first time I have a student with hearing impairment.

Yenny : Have you ever taught students with any disabilities before?

Elisa : I have never taught students with disabilities before but I have taught students with learning disabilities such as dyslexia.

Yenny : Do you have any tips for teaching a hearing impaired student like Jeffrey?

Elisa : Yes, I do. The child with hearing impairment does not have good concentration and cannot hear clearly although he uses hearing-aids, we have to draw his attention using something that interests him. We have to explain in a loud voice and should be attractive in giving the material.

Yenny : Do you have other tips?

Elisa : Hmm.. That's all.

Yenny : Ok then, thank you for your time.

Elisa : You're welcome.

Yenny: Good afternoon, Mrs. Elisa. This is Yenny.

Elisa : Good afternoon, Yenny. May I help you?

Yenny: I want to confirm about the vision and mission of ELS and asking about Jeffrey.

Elisa : Oh, ok. What do you want to confirm about the vision and mission?

Yenny: The vision and mission of ELS has been told in the history of ELS that you have given to me, right?

Elisa : Yes, that's right. The vision is ELS want to be a place which can be a solution for learning. The mission of ELS is the children who learn in ELS can still learn while they are playing.

Yenny: Ok, then.. Now I would ask about Jeffrey. Do you know when his hearing disability began? Is it from birth?

Elisa : He has a hearing disability since he was born.

Yenny: Do you know the causes of his hearing disability?

Elisa : I have asked his mother and his mother doesn't know the causes of his hearing disability. I don't know whether it is because of genetic disorders, illness, or complication in pregnancy because hearing disability can happen due to many causes.

Yenny: Do you have any special way to teach Jeffrey?

Elisa : Not in particular. We have to be patient in teaching him. I'm sorry Yen, but I have a guest right now. Maybe we can talk again later.

Yenny: Oh ok. Thank you so much for your information.

Elisa : You are welcome.
