Rangkultura merupakan gabungan dari dua kosa kata yaitu merangkul dan kultur, yang berarti merangkul dua kebudayaan atau kultur yang berbeda. Dalam konteks ini adalah kebudayaan Cina dan Jawa dengan inspirasinya yaitu kesenian Wayang Kulit Cina Jawa.

Konsep yang diambil untuk koleksi busana ini memperlihatkan adanya akulturasi diantara dua kebudayaan yaitu Cina dan Jawa, dimana dalam wujud konkritnya dapat dilihat dalam kesenian Wayang Cina Jawa atau yang biasa disebut dengan Wacinwa. Dengan mengambil ragam hias Cina yang terdapat dalam boneka Wacinwa dan pemakaian kain lurik yang merupakan khas Jawa dituangkan kedalam sebuah koleksi desain busana.

Tahap produksi dilakukan sesuai dengan hasil pengolahan konsep menjadi desain busana yang kemudian dibuat dalam bentuk aslinya. Busana dibuat dengan menggunakan reka bahan laser cutting sehingga dapat mewujudkan kesan bayangan yang terinspirasi dari kesenian Wayang Kulit.
