APPENDIX A.

FLOWCHART

Causes of the Problem:
1. I did not have any experience in dealing young learners with ASD.
2. I lacked knowledge about ASD.
3. I did not get any training about dealing with an ASD pupil before teaching.

Problem:
I had difficulties in dealing with an Autistic pupil in Playgroup
Kristen BETA

Effects of the Problem:
1. I could not teach the lesson well.
2. The ASD pupil disturbed other pupils during the learning process.
3. I could not give enough attention to other pupils because I had to give extra attention to assist ASD pupil during the lesson.

Potential POSITIVE Effects:
1. I will get the information and advice from my supervisor.
2. I will develop my skills in teaching autistic pupils.

Potential Solution I:
I will observe my supervisor when teaching the class where there is an autistic pupil.

Potential NEGATIVE Effects:
1. I might spend a lot of time discussing about Autistic pupils after the school ends.

Potential POSITIVE Effects:
1. I will know the characteristic of the pupil with ASD.
2. His parents and I will work together as partners.

Potential Solution II:
I will build a relationship with parents of the autistic pupil by having communication with them.

Potential NEGATIVE Effects:
1. I will need to spend extra time to talk with them.
2. There might be tension between the parents and me.

Potential POSITIVE Effects:
1. I will have more information about Autism after join the training.
2. I will more confidence and competence dealing with ASD pupil.

Potential Solution III:
I will join the teacher training about autism at KBK BETA.

Potential NEGATIVE Effects:
1. The school will need to spend a lot of money to invite the trainer for teacher training.

Chosen Solutions:
1. I will observe my supervisor when teaching the class where there is an autistic pupil.
2. I will build a relationship with parents of the autistic pupil by having communication with them.
3. I will join the teacher training about autism at KBK BETA.
