Causes:
- The techniques used are not interesting.
- The students’ English competence is not the same.
- The topic used is not suitable with the students’ interest.

The problem
Some students in the sprinter level in Creative Learning do not pay attention to the teacher’s explanation in grammar lessons.

Effects:
- Students do not understand the lesson that affect to their performance.
- The application of lesson plan will not be effective.

(+) effects:
- The students will be interested in the lesson because of the techniques used.
- The students will understand the lesson easily.

Solution 1
The teacher explains grammar using techniques that can get the students’ interest, e.g. using games, songs, realias, etc.

(-) effects:
- If it takes too much time, it will not be effective.
- The techniques may cause students always expect for games, songs and realias.

Solution 2
The teacher uses topics that interest the students, e.g. animals, sport, holiday, etc.

(+) effect:
- The students pay attention to the lesson because they will be given rewards.
- The students will have good performance in the class.

Solution 3
The teacher gives rewards when the students pay attention.

(-) effects:
- The students may be disappointed with the teacher if they are not given rewards.
- The students may always expect the rewards.

Chosen Solution
Combination of teacher explains grammar using interesting techniques and the teacher uses interesting topics.
